

Now ZKL bearings just got better Thanks to our superior accessories.

Using ZKL accessories along with ZKL bearings, gives you maximum output and efficiency from your machinery. ZKL is the leading source of Unit Bearings as well as other ancillaries in India and provides unmatched quality at a competitive price. Unit Bearings deliver high performance by compensating any misalignment of housing or shaft during installation. They adapt easily to complex bearing arrangements and deliver smooth and efficient performance even in arduous operating conditions.
